PRESIDENT'S REPORT — Kimala Thompson

It certainly was nice to see everyone that attended September's Resource Day. Some of you flitted in and out, while others enjoyed the entire meeting. Minor changes are planned for October, so read the newsletter!

There were lots of beautiful masks to peek at and all the fabulous Quilt-as-you-Go blocks, from the Selvage Edge challenge. They were so exciting and inspiring, I hope we have more of these challenges in the future! Program has lots of other activities planned, check out their calendar and get signed up.

The Comfort Society had a selection of kits and many of those were snaffled up by the end of the meeting. I am finally plugging away at the kit I collected in May, it's very close to being pieced. This is such an easy way to create a charity quilt. All the tough work finding a pattern and fabric is done and if you aren't up to quilting some of the larger projects, we do have wonderful volunteers who will do that part. We had a bunch of lovely donated quilts to view at Show and Tell; make sure you check them out on the website. I always feel so fortunate to be involved with this group of amazing, generous, talented and hard-working people.

The President's Challenge had some great interpretations of the theme and super cute prizes for the participants! The Making a Grand Entrance pieces were exceptional and you will love checking out those details, too.

Use our extensive Library to help those damp Fall and Winter days go flying by. All kinds of techniques and processes are just waiting for you to get involved in and stay challenged. I'm looking forward to discovering "Nine-Patch Revolution" 20 Modern Quilt Projects. Many years ago, Judy Ross held a Nine-Patch class at Sew Easy that was so much fun, I hope this will stretch my skills, as well. Let the Library know if there is a special book you would like the Guild to acquire, new ideas and inspiration are always welcome.

There is more uncharted territory in front of us all, this Fall, but we are a fearless group of talented quilters and we know that we can keep moving forward, together. Happy sewing, everyone.

2019—2020 President's
Challenge—"Music is my
Muse".

Karen's "Selvages Mini

forward to seeing your Sel-
vage Project at October 31st

Since July, we have delivered 124 comfort quilts into the community. During this time, we received 123 quilts; 12 of which came on Resource Day.

Keep up the good work! The groups receiving your quilts are just thrilled and excited to get them.

We will continue needing your fabric donations. Please remember the fabric needs to be good quality cotton.

As well, you can contact us if you are unable to get out and need something to finish a quilt or drop off a quilt.

Mask maker, mask maker, make me a mask.....

Just an update on how the mask making project is proceeding.

Many ladies are able to make it to either Marian Williamson's place in Gibsons to drop off their masks; others are dropping off at Fibre Expressions and we have a HUGE number dropped off at the September Resource Day!

So 1st pick up was 119 masks and the 2nd pick up was 221 masks = grand total so far: 340.

So we are well on our way and for sure we have some SUPER SEWERS in our group. But please just make what you can and enjoy the process. I know we will all be sick and tired of making masks vs. playing with quilts and of course we need to set time aside for BOM, Mini Projects, Challenges etc. etc. so pace yourselves and know that they are really going to our community for those in greatest need.

I met with Jane MacDonald of the Hospital Foundation and Christine Fearn last week – through Zoom (man, that's quite the time saver, no travel time, just sign on and talk or listen). We wanted to ensure that there are no duplications and that we are not getting burned out yet able to continue getting masks out to the community.

As you know = we (Guild and Aux Sewers) are making the masks. I collect them, if they are not within their own baggies (already sanitized) I sanitize them (hot dryer 20 min) and place them into baggies. Then they go to Christine Fearn who puts labels on them and distributes them.

Christine also checks with me to see if the Sewers need further elastic, nose pieces, fabric. She now has a supply of 'dongles' (these are those round things that the elastic can be fed through and people can adjust their ear elastic that way vs. us sewing the to 'x' inch or knotting them to 'x' inch. So if you need any supplies please just let me know and you will be able to pickup what you need from me or Marian.

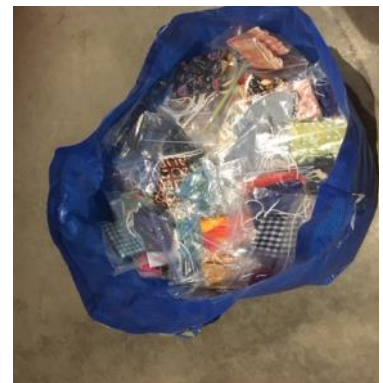

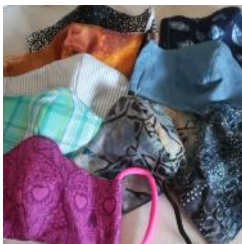

The Hospital Foundation – Jane MacDonald has given us assurances of covering all future costs for mask making! It is coming from the COVID fund that was setup earlier. So we have Community Funds helping the Community at large.

We are just getting rolling now, so I will keep you all posted as we move along and let you know of our progress. If you would like more information or supplies please contact myself at: 604-313-1820 or karen@klbhr.ca

- Finished block size is 12" x 12". (Unfinished block size is 12 1/2" x 12 1/2".)
- Sew with a 1/4" seam allowance.
- RST means place fabric with Right Sides Together.

ASSEMBLY

1. Flower Center Unit

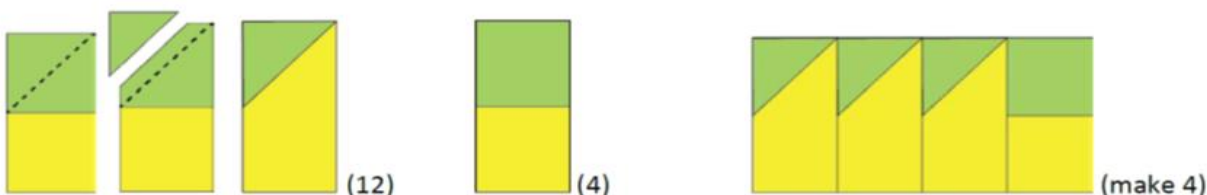

Mark diagonal line on yellow square and place on corner of brown square RST. Sew along the line. Trim seam allowance to 1/4" outside the seam line. Flip and press seam allowance toward the yellow corner. Repeat for each corner. Fun fact, this is called a snowball block.

(make 1)

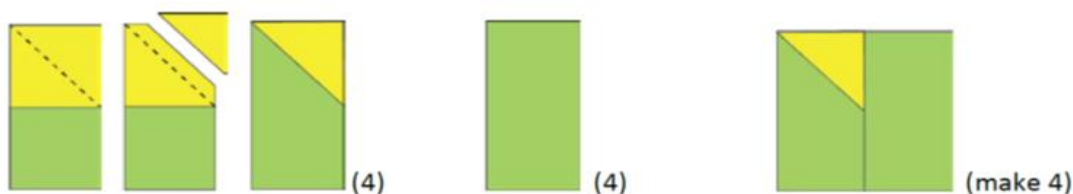

2. Petal Units

Mark diagonal line on green square and place on yellow rectangle RST as shown. Sew along the line. Trim seam allowance to 1/4" outside the seam line. Flip and press seam allowance toward the green corner. Repeat with each of the twelve yellow rectangles. Sew a green square to a yellow square and press toward the yellow square. Make four. Assemble four petal units as shown below and press seam allowances to the right.

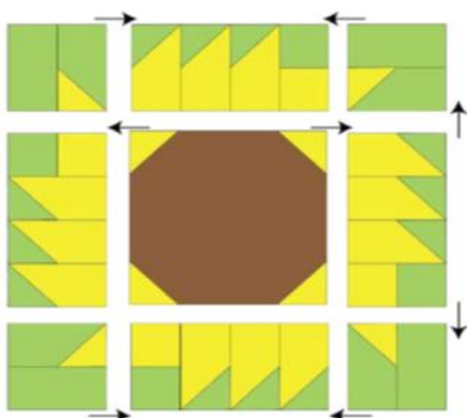

3. Corner Units

Mark diagonal line on yellow square and place on green rectangle RST as shown. Sew along the line. Trim seam allowance to 1/4" outside the seam line. Flip and press seam allowance toward the yellow corner. Repeat with each of four green rectangles. Assemble four corner units as shown below and press seam allowances to the right.

4. Assemble Block

Lay out units as shown below. Sew units into three rows, then sew the rows together. Follow arrows in the diagram for pressing directions. Trim block to 12 1/2" square.

TIPS FOR FLIPPED CORNERS

- ✓ Sew slightly outside the marked diagonal to allow for the fold. This will help your flipped corners line up correctly.
- ✓ Test the flipped corners before you trim!

SCQG - Block of the Month - September 2020 - Bluebird of Happiness
Free Pattern is from tildasworld.com

Blocks are made with your scraps.

Background is scraps of whites, off whites, cream and light beige. Mix up the background.

Bluebird is scraps of light, medium and dark blue scraps.

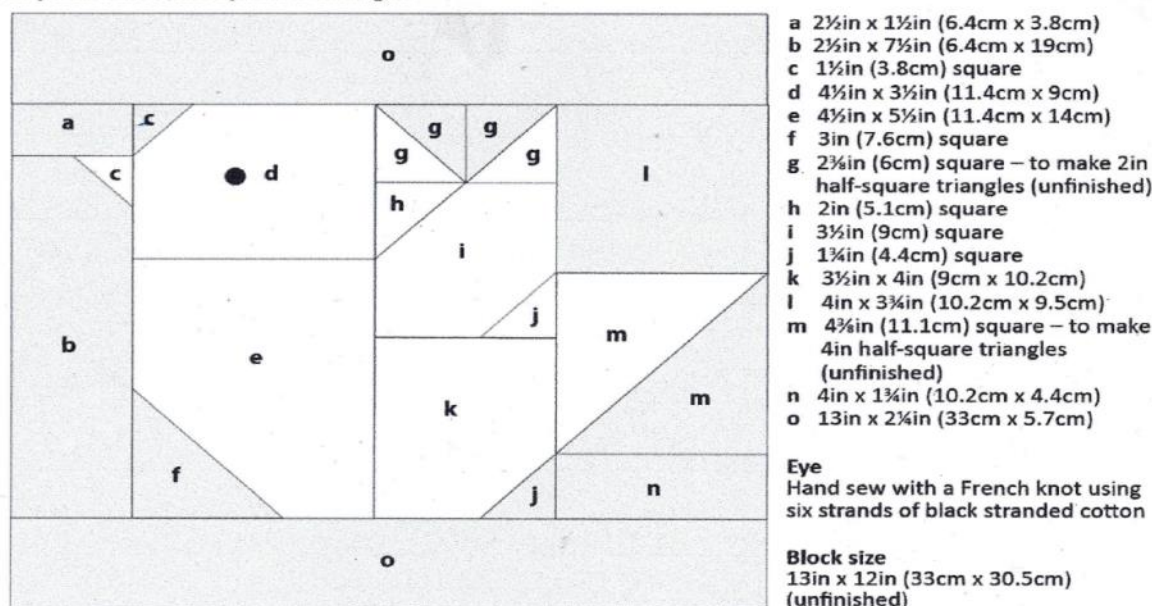

Bird beak is yellow.

Package block in a zip-lock baggie with your name on it and bring to September Resource Day. You may enter more than once. Indicate on the baggie how many blocks are in your zip-lock. Winner takes all!

Fig B Layout and cutting for a Bird block

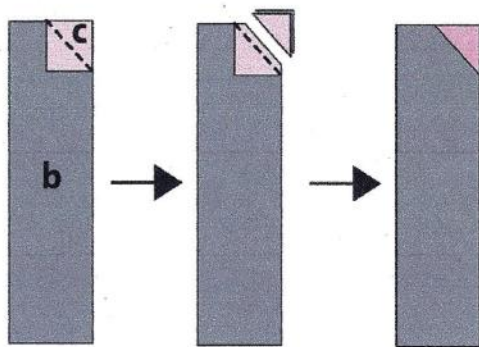

Sizes include seam allowances

All pieces to be cut as squares or rectangles

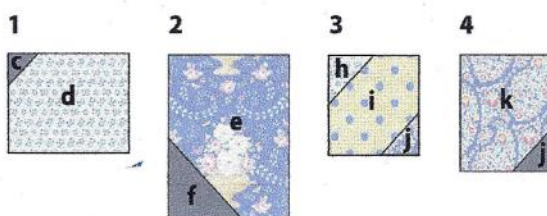

2 The block uses units that have a triangle created on a corner, so we will show this technique first. Take a **b** rectangle and one **c** square. Pencil mark a diagonal line on the wrong side of the small square and place the square right sides together with the top right corner of the rectangle, with the marked line angled as shown in Fig C. Pin if needed and then sew along the marked line and trim off excess fabric ¼in (6mm) outside the sewn lines. Press the triangle outwards.

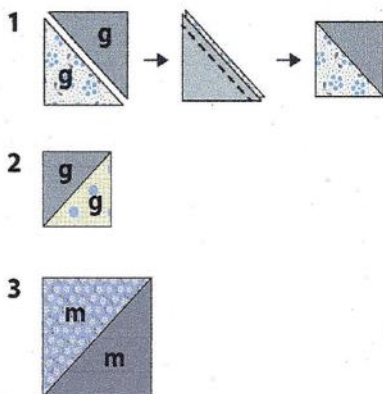

2

Fig C Making corner triangles

3 Four other units in the block need corner triangles using the same technique – see **Fig D** for the fabric and triangle positions.

Fig D Making the other corner triangle units

4 The other units to make are half-square triangles (HST). Make one HST as follows. Take one print **g** square and one solid **g** square and cut each square in half along one diagonal to make two triangles from each square (**Fig E 1**). Pair up two different triangles, place them right sides together and sew a $\frac{1}{4}$ in (6mm) seam along the long diagonal side. Press the seam open or to one side. Check the half-square triangle unit is 2in (5.1cm) square. Repeat this to make a second HST unit, this time using the fabrics shown in **Fig E 2**. Use this same HST technique and the **m** squares to make another HST unit (**Fig E 3**). This time, the unit should be 4in (10.2cm) square once sewn.

Fig E Making half-square triangles

3

5 To assemble the block, take all of the units you have made, plus pieces **a**, **l** and **n** and arrange them into columns, as shown in **Fig F**. Sew the units together as shown, and press. Now sew the four columns together, as in **Fig G** and press.

Fig F Assembling the units into columns

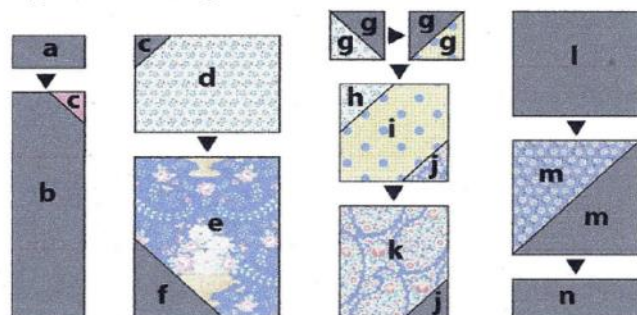

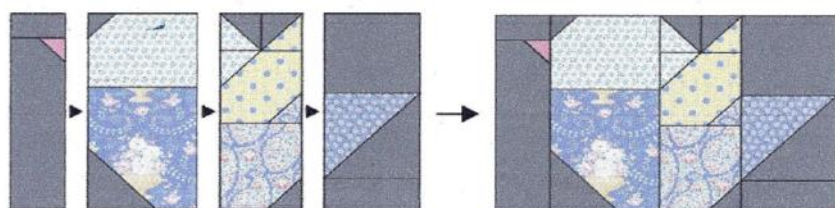

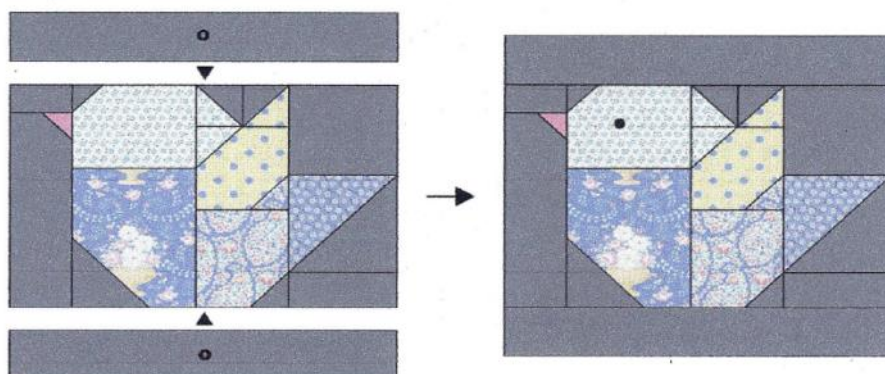

Fig G Sewing the columns together

6 To add the border, take the two **o** pieces and sew them to the top and bottom of the block (**Fig H**) and press. Check the block is 13in x 12in (33cm x 30.5cm).

Resource Day

HAVE YOUR SAY! Please consider volunteering for the few vacant positions!

Vice President: as VP you get to choose and buy, with guild money!, all the door prizes! Book the church dates. Support the president. You also collaborate with the executive to create a wonderful and exciting experience for all guild members.

Library: Help to choose books for the library. Help return and lend books at Resource Day. There is a safe system in place during Covid-19 to do this, but it does require more help on the day. The library is an invaluable resource for our members. It ensures the education of us all as well as inspire us to create and try new techniques or patterns. This is an important contribution.

Retreat: Social gatherings right now are not going to happen but, I wondered if a Zoom retreat would be possible? It would be an amazing opportunity to create this experience for members who just can't get out at this time. Please consider taking this on with a team.

Youth Liaison: Now, more than ever, youth need a creative outlet. Working with schools and girls clubs to enhance their existing programs would be making a difference in young lives. Consider being that team!

Program: Did you know that the Program Committee influences the direction of the guild, inspires us and our learning outcomes. This is a great team of members who want to share ideas and make things happen. Sound like a team you want to join? They are always looking for new team members! Call me!

HISTORY

In 1982 a group of women on the Sunshine Coast got together to share their love of quilting. Pat Crucil, an accomplished quilter and teacher, established this first quilt group on the Coast.

Today the Sunshine Coast Quilters' Guild is the "umbrella" organization for six local community quilt groups from Pender Harbour to Gibsons, with a membership of 114. The guild promotes the joy of quilting on the Coast by providing enjoyment through quilt shows, classes, demonstrations and displays. We continue to meet eight days throughout our Guild year, from September to May at the Holy Family Parish Hall in West Sechelt (5700 Nickerson Road). Our meetings consist of Mini-Workshops, Business Meetings, Block of the Month, Show and Tell, Library and a Program.

MISSION STATEMENT

The purpose of the Sunshine Coast Quilters' Guild is to promote the joy of quilting to the Sunshine Coast and to provide for the community's enjoyment through quilt shows, classes, demonstrations and displays.

To provide an "Umbrella Guild" for the various satellite quilting groups offering Resource Days which include workshops, demonstrations, education and speakers.

The Guild shall be a non-profit society.

The Guild's mission is to provide members with ongoing education, opportunities to share quilting experiences and knowledge, and an opportunity to provide community service. The smaller quilting groups on the Coast also provide a strong focus for the many quilters with regard to these goals. Maximizing connections between the Guild and the small groups helps share some of the energy and enthusiasm.
