

# Catherine Nicholls

*Quilt – Embroidery – Mixed Media – Painting – Art Cloth – Drawing-Stitch*

Catherine lives and works in Gibsons, B.C. and draws inspiration from the natural world, her travels and the people she meets along the way. Stories, legends and the history of people, place and culture are the creative raw materials for themed exhibitions worldwide.

Catherine's work is developed through painting, drawing and collage usually on paper. This careful planning and exploration of ideas allows a more liberated and intuitive approach when it comes to fabric, paint and mixed media techniques.

She works on paper and fabric with discharge, dyeing, drawing, painting and printing. Textile pieces are then densely stitched either by hand or machine and often both. Catherine has exhibited worldwide and has various pieces tour on an ongoing basis. Teaching has formed a large part of her daily life, with workshops in patchwork and quilting techniques, sketchbooks and journaling, life drawing, design and other passions.
